Your records

Whenever you update your recycling records, you can click back to this welcome page to see how many trees you've earned, and how you've helped the environment.

So far your school has recycled **0** litres of paper and cardboard

And, earned **0** trees.

Last year your school recycled **105000** litres of paper and cardboard

And, earned **53** trees.

This means your school saved:

13.25 tonnes of paper and cardboard from landfill

106 cubic metres of landfill space

73.14 tonnes of carbon emissions reduced from landfill

Either order specific plants...

Kereru Gardens has provided the following list. Please indicate what species you would like and how many. The number of trees you can order depends on how many you earned with your paper and cardboard recycling efforts.

You can order specific plans, or your nursery can choose your plants based on suitability. Please note that you can use **one or the other option**, not a combination of both. **Please be careful to click on the CORRECT submit button.**

Submit Specific Option

Tree

Number	Common Name	Scientific Name	Description
0	Ake Ake	Dodonaea viscosa	Long green leathery leaves, hardy, up to 4.5m
0	Cabbage Tree	Cordyline australis	Small tree, scented white flowers, strappy green leaves *
0	Kahikatea	Dacrydium dacrydioides	30m x 4m Relatively slow growing. Great for swampy areas *
0	Karo	Pittosporum crassifolium	Coastal tree, red flowers, 4-5m
0	Kohuhu	Pittosporum tenuifolium	5m x 3m Bushy, small leaved tree. Great for shelter *
0	Lemonwood	Pittosporum eugenioides	5m x 4m Bushy, pale green leaves, great for larger hedges *
0	Purple Ake Ake	Dodonaea viscosa	Purple, dry conditions, full sun
0	Red manuka	Leptospermum sco. jubilee	
0	Ribbonwood	Plagianthus regius	8m x 3m A fine deciduous tree. Quick growing and hardy
0	Totara	Podocarpus totara	Large growing conifer, spikey foliage *

Shrub

Number	Common Name	Scientific Name	Description
0		Hebe diosmifolia	Bright white flowers in spring. Tidy plant, even without clipping
0		Hebe oratia	Blue flowers, prefers exposed position in

...or order trees by suitability

Do you want the nursery to select your plants

If yes, indicate in the table below what type of plant you would like, how many, and what you want the plants for e.g. to stabilise a bank, withstand frosts, dry soils, to attract birds and bees, flowers, hedge, small garden etc.

This info will help the nursery choose trees that are appropriate for your school's needs and for your area.
